

Sept. 16, 1970

Dear Jim & Vickie,

Thank you for the post card. It sounds like fun to be able to see such interesting places. I am so tired of downtown Seattle!

This weekend is the Bush Bayh dinner & reception at Martin Luther King. There is so much work to be done for both & I'll be so glad it's over. Mike has sold quite a few \$100 tickets to the reception, & we have invited most of the press & television men. Mom and Dad are going also, although Mom says she's shy on television and doesn't like the dinner afterwards - in Mercer Island and is \$5. If we make any money on this function, maybe it will come out even!

Seattle is sure a depressed area. Boeing keeps announcing more layoffs - and their parking lots half empty. There are not many

ople who aren't worried about
his job. The primary was yesterday
I must Democrats did very well
Baker is still looking very good
- 1972.

How do you like your job now?
I bet it is still hard getting
it to an 8-hour day.

Mike and I are going to leave
early today and go out to lunch
at night. Write when you can.

Love,
Mary
